Teams must be declared two weeks before the show (forms will be available online). This show is also a fundraising show for St. Jude Children's Research Hospital. 20. The Ranch Boxing class will consist of a single cow worked (boxing) on the end of the arena. The time limit for the class is sixty (60) seconds.

a) This class is designed to demonstrate and measure a horse's ability to do cow work. Holding the saddle horn is permitted in this class.

b) A Superior Ranch Boxing Horse should be in complete control at all times. Showing natural cow sense along with softness of face and body with rider's cues. Horse should stop using haunches. Turns should be quick and snappy.

c) This class will be judged on run, rate, control, degree of difficulty and eye appeal.

1. There will be no schooling between cows if a new cow is awarded.

2. The rider will face the cow end of the arena and call for a cow. Each exhibitor upon receiving a cow, shall hold that cow on the prescribed end of the arena for one (1) minute, demonstrating the ability of the horse and rider to control the cow. Time shall begin when the gate closes behind the cow after being let into the arena. Timing will be done by the announcer or judge starting when the cow is turned into the arena. At one (1) minute, the announcer will call time. The judge may blow a whistle at any time for the contestant to cease work for safety reasons.

21. RANCH CUTTING RULES

This class is designed to show a horse's ability to separate a cow from the herd, hold that cow away from herd, then drive that cow away from herd and to pen it. This class is to be judged on the horse's natural cow ability, agility and to respond softly to the rider's cues to help rein horse into position to hold cow from herd, on the way to pen and to pen cow. Horse should display softness of handle and quietness in herd. Horse and Rider should work as a team, seeming effortless to work together.

a) There is a two and one half (2½) minute time limit.

b) Time will begin when a rider crosses a timeline just prior to entering the herd (minimum of ten head). The rider will then quietly separate one cow from the herd and work the cow, with the exhibitor and horse showing their ability to keep the cow from the herd. Upon herd work completion the cow shall be driven to the opposite end of the arena and penned.

c) A whistle will be blown at the one minute point to let exhibitor know that one and one half minutes remain to complete the run. A contestant will be disqualified if he fails to pen the cow at the end of 2½ minutes, if the cow returns to the herd after it has been clearly separated from the herd or if the cow crosses back over the time/foul line when attempting to be penned.

22. RANCH ROPING RULES

A) The intent of this class is to show the ability of the horse and rider skill of handling cattle as if they were doctoring injured or sick cattle. Cattle should be handled as calmly and slowly as possible. The judge should judge this class as if the cattle belonged to him or her. Entry does not have to separate their cow from herd and should not receive credit for separation from herd. When cow is separated from the herd there should be no excessive running or cutting of the cow.

B) This is a judged event with a 90 second time limit. The rope must be thrown and the contestant may throw only two loops. Any attempt by exhibitor to trap, snare, or collar cow by holding onto the loop will be cause for disqualification. A second rope may be used, but the total number of loops thrown may not exceed two (2). If a second loop is used it must be recoiled. The Honda on the rope used must be of a factory plastic breakaway design.
